Innovation

Business

Education

Why Partner with Starter?

Innovations & Business Support with a Maritime Focus

- **Driving innovation** through **creative solutions, new concepts**.
- **Supporting startups** via workshops, consulting, and growth programs.
- Specialized in **maritime innovation, blue & green economy**, and **sustainable technologies**.
- Connecting businesses with experts, partners, and market opportunities.

Future-Ready Education

- Fostering dialogue between **education, business, and youth**.
- Building **future-proof skills**: entrepreneurship, creativity, collaboration, flexibility, and responsibility.
- Delivering **hands-on learning** via innovations, workshops, and real-business projects.

A Broad and Diverse Portfolio of Educational and Business Projects

Supporting Startups and Entrepreneurs:

- **Techseed** – pre-acceleration program for maritime-sector startups.
- **Business Booster** – workshops, inspiration sessions, and networking events.
- **Blue Baltic Community** – a network supporting sustainable innovation in the maritime sector across the Baltic Sea.
- **BSR Go Abroad** - cross-border collaboration for innovation and sustainability in the Baltic Sea Region.
- **BePackman** - promoting circular packaging solutions through business and expert cooperation.
- **Digi Inclusion** - reducing digital exclusion by improving access and digital skills.

Youth and Educators:

- **Youth Entrepreneurship Incubator** – developing entrepreneurial mindsets and professional skills.
- **Innovation Camp** – a business bootcamp for youth, focused on solving real company challenges.
- **Hack4Girls** – a hackathon for girls.
- **ESG in Practice** and **Blue Economy Challenges** – educational initiatives on sustainability and the maritime sector.
- **Starter Youth Council** – youth co-creating and consulting on projects and initiatives.
- **Starter Student HUB** – business skills development and solution design for students.
- **BeZee** – a conference on the latest trends in education, featuring the EduShow fair.

Innovative Space and Strong Infrastructure

- Over 8,000 m² of modern facilities, including offices, coworking spaces, and a conference and training center.
- Home to over 100 companies, including startups, tech & maritime business.
